West Valley Citizen Task Force
Summary of Accomplishments – 2013

Introduction
This memorandum summarizes the accomplishments, activities, attendance and 2013 year-end survey results for the West Valley Citizen Task Force. This summary is intended to be an aid to discussion and decision-making for 2014. Listed first are the accomplishments for the year. Following that is an analysis of attendance for the year.

Meetings, Presentations and Other Accomplishments
During 2013 the CTF accomplished the following:

- Seven CTF meetings were held. The CTF continued to forgo four meetings in favor of the Quarterly Public Meetings being scheduled on the days the CTF meeting would traditionally have been held. A number of CTF members attended the Quarterly Public Meetings and these are factored into CTF attendance.
- Conducted outreach to the Congressional representatives, primarily concerning funding for the West Valley Demonstration Project (WVDP), this included a small delegation of CTF members traveling to Washington DC to meet with Congressman Tom Reed, New York and House Appropriation Committee Congressional Staff and senior leadership at the Department of Energy. This was following up several months later with an informal dinner meeting with Mr. David Huizenga, Senior Advisor for Environmental Management at DOE.
- Topics of presentations and discussions at CTF meetings included:
  - Phase 1 Studies Process. (Multiple updates and presentations.)
  - DOE/CHBWP Project updates. (Multiple updates and presentations.)
  - DOE Budget updates. (Multiple updates and presentations.)
  - Reports on attendance by DOE, NYSERDA and the Town of Ashford at the Energy Communities Alliance/Environmental Council of the State conference.
  - State-Licensed Disposal Area – Leachate Levels.
  - Cattaraugus County replacement of Thomas Corners Road Bridge.
  - Tank and Vault Drying System operation and results.
  - NYSERDA update on Frank’s Creek erosion control measures.
  - High Level Waste Canister Relocation and Storage Project. (Multiple updates and presentations.)
  - Permeable Treatment Wall performance update.
  - Air Monitoring Program Update.
  - Discussions of CTF outreach process.
  - Utilization of Supplemental FY 2013 Funding.
- One Agenda Work Group Conference call was held.
- An ad hoc work group on outreach was formed to begin development of an outreach presentation.
- Website maintenance and updates continued throughout the year and a new site will be ready in 2014.
Correspondence Sent & Received

The following correspondence was sent by the CTF in 2013:

- April 16, 2013 Letter to congressional Staff thanking them for February meeting.
- April 16 Letter to Congressman Reed thanking him for February Meeting.
- April 16, 2013 Letter the DOE Senior Advisor of Environmental Management David Huizenga thanking him for February meeting.
- July 17, 2013 letter to Congressmen Reed and Higgins for efforts in restoring funding to Non-Defense Environmental Management.

The following correspondence was received by the CTF in 2013:

- Copy of February 11, 2013 West Valley Central School Resolution on Funding.
- Copy of Erie County Legislature March 7, 2013 Resolution on WVDP Funding.

All correspondence is available on the CTF website at www.westvalleyny.org on the 2013 meeting materials page.

Press Coverage

Numerous press articles and coverage directly and/or indirectly mentioned the West Valley Demonstration Project and the CTF. These articles are available with the materials for each meeting on the website at www.westvalleyny.org.

Membership and Attendance

Long time CTF member Warren Schmidt passed away during the year. Steve Kowalski stepped down as the representative for the West Valley Central School and was replaced by Superintendent Eric Lawton. Late in the year Dr. Mary Reid of the Roswell Park Cancer Institute accepted the invitation to join the CTF and will begin attending meetings in 2014. Tom Attridge, Project Manager for NYSERDA and liaison for the CTF with NYSERDA since the group was formed, retired.

The CTF reviewed the attendance for the year and asked the Facilitator to reach out to members with low attendance to assess their interest in continuing to serve.
**Year-end Survey**

An online survey was distributed to members and alternates as of the end of the year. The survey was completed by 13 of the 15 members and alternates who received it. (The survey was sent to members or their alternate when the alternate is the regular/de facto attendee for the member.) The survey was replicated from the prior year’s survey. A parallel survey was completed by 10 representatives of DOE, NYSERDA and CHBWV. Answers were based on a scale ranging from strongly agree to strongly disagree with an opportunity for open responses. Prior year survey summaries indicated the number of responses, the average score of those responses and a standard deviation representing the range of variation among answers. Due to time constraints with responses, this year the answers are depicted in simple column charts. The survey results are attached.

<th>Q 29</th>
<th>Other comments or suggestions concerning CTF outreach:</th>
</tr>

<tbody>
<tr>
<td>1</td>
<td>Outreach continues to be an important role and challenge. We can and should do more, and we need to keep finding ways to keep the public informed on issues that tend to be long-lived and slow-moving.</td>
</tr>
<tr>
<td>2</td>
<td>Don't have an answer for this, the biggest problem: how to reach out adequately to our constituents and the community as a whole.</td>
</tr>
<tr>
<td>3</td>
<td>Outreach is difficult, discussing issues at public meetings through the municipality that I represent helps. Holding special public meetings with agency presenters helps (although they are usually poorly attended). Keeping local elected officials informed helps. I still feel like we . . . I need to do more outreach since many people still have a general lack of knowledge surrounding this area.</td>
