Re: West Valley Demonstration Project Budget

Dear Governor Pataki:

The members of the West Valley Citizen Task Force received a copy of your October 21, 2005 letter to Samuel W. Bodman, Secretary of the U.S. Department of Energy, requesting that \$95 million be placed in the FY'07 budget to continue the cleanup of the West Valley Demonstration Project (WVDP) site. We commend you for this action and could not agree more with your reasons.

Knowing that expressions of gratitude are not given often enough, we thank you for supporting the WVDP cleanup budget and the personal support you have given to this project on behalf of the West Valley Citizen Task Force.

Sincerely,

A handwritten signature in black ink, appearing to read 'William T. King', is written over a horizontal line.
