WEST VALLEY – The U.S. Department of Energy will conduct two public information meetings Wednesday on the planned demolition of the Main Plant Process Building at the **West Valley Demonstration Project**.

The town hall meeting will be held at the West Valley Volunteer Hose Company Firemen’s Memorial Hall from 5:30 to 6:30 and 7 to 8 p.m.

This meeting will include presentations, informational stations, demonstrations, and subject matter experts to answer questions.

Because of COVID-19 restrictions, in order to attend, you must reserve a spot by contacting Joseph Pillittere at [Joseph.Pillittere@chbwv.com](mailto:Joseph.Pillittere@chbwv.com) or (716) 942-4996.

Due to new guidelines from the Federal Government, all in-person meetings will be limited to 50 attendees and will require attestation of having been vaccinated, or a negative COVID-19 test 3 days prior to the meeting.

Attendees will be required to wear a mask and comply with physical distancing requirements.
